

CALIFORNIA PIZZA KITCHEN Various Locations

Ground-up concepts and re-designs were developed for multiple CPK stores, including the 3,700 sq. ft. Corte Madera Town Center's major exterior and interior T.I.

We also redesigned the CPK "ASAP" prototype concept and implemented it in the 4,150 sq. ft. San Francisco store in the Historic Civic Center District, as well as the 3,052 sq. ft. "ASAP" restaurant in Pleasanton and Concord, CA.

PROJECT TYPE RESTAURANT,
TENANT IMPROVEMNET
