

# ECC BANK Brentwood, CA

**Architectural Dimensions** designed this 3,454 sf bank taking visual cues from Tuscany hill-town architecture. The bank is the only occupant of the building on its parcel that is part of a large shopping center.

**PROJECT TYPE**  
GENERAL COMMERCIAL  
**BUILDING SIZE 3,454 S.F.**

The interior features wood plank flooring, contemporary casework, and warm interior colors. It strikes a balance of comfort and progressive environment for banking.
