

HOMWOOD SUITES San Jose, CA

Designed to cater to the business and vacation travelers in the San Jose area, Homewood Suites will be home away from home, providing a quiet and comfortable place to stay. This 97,000 S.F., 140-room Homewood Suites is orientated to provide an acoustic buffer from the adjacent highway noise levels, well in excess of 70 decibels. The four-story wings, shield the outdoor courtyard, and is home to the pool and fitness center.

PROJECT TYPE HOTEL
GUESTROOMS 140
BUILDING AREA 97,000 S.F.

Extensive research allowed for a design that resolved difficult site constraints, while keeping true to the brand design standards of the hotel guidelines.
